FOREWORD

In introducing to you the Inyo County Fair for 1923, it is the purpose of the Board of Directors to make the Fair this year of particular interest to the whole community of our Valley.

A radical departure from previous fairs has been decided upon, for the express purpose of creating a bigger and better interest in the display of valley products; not only for those who compete but particularly for those who visit and have in previous years wondered to whom the exhibits belonged.

This year every exhibit will bear the name of the variety or breed and the name of the person exhibiting it; each exhibit will be placed in the section assigned to its particular variety so that every one will have an opportunity to see all competing exhibits in one place.

Special effort has been given to make this fair more interesting from the view-point of the non-exhibitor who will be able to make his own comparisons and know where each exhibit comes from.

Yours for a successful fair,

BOARD OF DIRECTORS.

RULES AND REGULATIONS

ENTRIES

1. Exhibits of all kinds, unless otherwise specified, are open to exhibitors from Inyo and Mono Counties.

2. Entries will be received any time after August 1st, and the Committee will consider it a favor if entries are made as early as possible.

3. The Association will positively not pay a cash premium on any article not specifically mentioned in the premium list, but such articles may be accepted by the committee in charge, and placed on exhibition and if considered by the judges to be worthy will be awarded special ribbon premiums.

FAIR OFFICE OPEN

4. Main office at the Fair Grounds will be open Monday September 24th and articles will be received for exhibition purposes.

5. Articles sent by freight or express should be sent prepaid and addressed to Karl Keough, Manager Inyo County Fair, Bishop, California. Notice of the shipment should be sent to the manager by mail.

6. Entries in all divisions will close on September 26th, but the management reserves the right to accept entries later, if good and sufficient reasons are given for the delay. No entries accepted on which carrier charges have not been paid.

7. There shall be no entry fee charged on any entries or exhibits.

8. A proper entry of all animals or articles to be exhibited must be made with the entry clerk at the secretary's office on or before midnight September 26th. A tag bearing the number, with coupon attached, will be furnished for each entry. The tag must be attached to the article, animal or stall, and the coupon should be retained by the owner or exhibitor in order to claim the article or animal at the close of the fair. As soon as these tags are obtained and the entry made with the Secretary the superintendent of the division will receive and place the article or animal to be shown.

9. The committee reserves the right to reject any entries offered in case there is anything objectionable or if the entry requires more space than can be given.

10. Any diseased stock or stock of inferior quality will not be admitted to the fair grounds for exhibition purposes.

11. Any animal or article cannot compete in more than one class or for more than one premium except as one of a pair or herd or sweepstakes except in the poultry division.

EXHIBITORS

12. No stall or pens will be assigned to animals in any of the divisions until proper entries are made.

13. All animals occupying exhibition stalls or pens must at all times be kept thoroughly groomed, clean and in show condition. Stalls and pens must be neatly kept and supplied with necessary clean bedding. Pathways and approaches must be kept clean for the convenience of spectators.

14. The entry card with number received from the entry clerk must be attached to the animal or article when being judged.

15. Exhibitors must in all cases be the bona fide owners of articles or animals entered by them, unless especially excepted.

16. Exhibitors will at all times give the necessary and personal attention to whatever they have on exhibition. All stalls will be turned over to the exhibitor bedded. New bedding and hay will be furnished free of charge. At the close of the fair exhibitors must take entire charge of their property and remove same promptly.

RESPONSIBILITY FOR LOSS

17. Each exhibitor will be solely responsible for any consequential or other loss, injury or damage done to, or occasioned by, or arising from any animal or article exhibited by him, and shall indemnify the Association against all legal proceedings in regard thereto. The association will take every precaution in its power for the safe preservation of all stock and articles on exhibition and all property of every character entered for competition or display or for any other purpose, or being

anywhere in the fair grounds shall be subject to the control of the Inyo County Fair Association, but in no case will the Association be responsible in any way for any loss, damage or injury of any character to any property while same is on the fair grounds, or at any other time or place.

18. Exhibitors having space allotted to them will not be allowed to change for another position without first having obtained the consent of the superintendent of that division, under penalty of forfeiture of premium.

19. Exhibitors of live stock must inform themselves from the superintendent of their division when their stock will be judged.

20. Stock must be in the show ring promptly after being called, with proper entry card attached. Any person failing to comply with this order will be ruled out from the competition. All exhibitors of livestock must participate in the live stock parade, under penalty of forfeiting all prizes won.

21. Exhibitors of live stock will be required to display over each stall or pen occupied by their stock a printed placard containing the name, breed, and age, with register number, of the animals exhibited, and also the name and address of the owner.

All other exhibitors will be required to display on each entry exhibited a suitable card, having legibly written or printed thereon, the name of the variety and the name and address of the owner.

22. All exhibitors are required to guard their exhibits on the last day of the fair until all exhibits are removed.

23. Persons exhibiting pure bred animals will be required, if requested, to furnish name and register number of animals to be exhibited to the secretary at the time of making entry, and proof must be furnished, if asked, of the eligibility of an animal to be registered which has not received a number.

EXHIBITS IN PLACE WEDNESDAY

24. All exhibits must be in place by 7 p. m. Wednesday, September 26th.

25. Where there is but one exhibitor competing for a premium, the judging committee may rec-

commend no premium, second or first premium as merit may warrant.

26. Checks for premiums will be sent by the secretary to the post office address of the exhibitors as recorded in the entry book as soon after the close of the fair as possible.

RULES FOR SPECIALS

27. No premium or purse will be paid in any class or race not included in premium book, unless the directors or premium list committee authorized such special class or race previous to the award being made.

28. Should a premium be found to have been obtained by false pretenses, or by false evidence or misrepresentation or a violation of any of the above rules, the money will be withheld by the secretary.

29. No exhibit can be removed from any department until 5 o'clock p. m. Saturday, September 29th.

31. Sweepstakes and champion entries will be based upon the same rules and no entries will be made, as according to Rule 30, no entries can be made until the first premiums are awarded, then the fact of the awarding of the premium enters the animal or article.

34. Any person attempting to influence the judges in their decisions in any manner will forfeit all premiums awarded and will be excluded from competition and exhibition.

35. No person will be permitted in the ring while the stock is being judged except the awarding committee, the officers of the fair and the necessary attendants.

36. If an article is not deemed worthy of a premium, even though there is no competition in the class, the judges will not award the premium.

37. If there is any question as to the regularity of any entry or the right of any animal or article to compete in any class the judges shall report same to the superintendent in charge for an adjustment.

38. The judges will be expected if called for to give the reasons for their decisions, embracing the value and desirable qualities of animals or articles to which premiums are awarded.

39. No. director of this association shall act as judge in any class or shall any exhibitor in any given class act as judge in this class.

Protests against the exhibition of animals or articles will be considered by the Premium list committee at its first meeting after the filing of the protest. Parties interested will be duly notified by the secretary and the opportunity given them to submit evidence. In every case of protest the party protesting must deposit with the secretary the sum of \$10.00, which sum

All parties wishing to make such displays or demonstrations will make application to the Manager, who will allot the space which in his judgment may be necessary and available. Parties making such displays or demonstrations will be required to erect their own booths and stands and will be required to pay the association a percentage of 10 per cent on all sales up to \$100.00 and 2½ per cent on all above that sum on sales actually made during the fair. Pioneer Lumber Co.

IT DOESN'T DETONATE

MARK this difference in gasolines. Some explodes instantaneously—detonate. Union line is non-detonating.

The detonating gasoline deals a sledge hammer impulse to pound the piston down. Gasoline is non-detonating.

It has a tendency to explode prematurely, thus limiting compression and reducing power and efficiency.

It is frequently responsible for "knocking" on the hills, and by causing vibrating, it increases wear and tear.

THE OTHER KIND

Union NON-DENOTATING Gasoline delivers a prolonged explosion.

It thrusts the piston throughout the entire stroke—doesn't crash against it.

And because it does not detonate, Union Gasoline permits increased compression, which results in increased efficiency and power.

This is one more reason for the use of this NON-DETONATING gasoline in motor cars, trucks and tractors.
